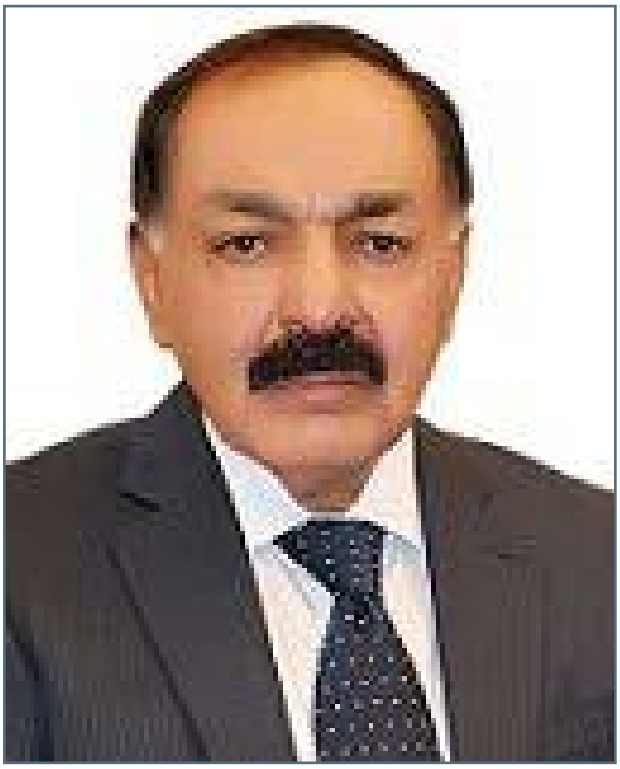
Message from Chancellor



I am glad to see that University of Turbat has been turning into a change agent in the field of higher education in this far flung area of the country, where the youths not only from Makran region, but also across Balochistan and Pakistan have the equal opportunity for higher learning.

My sincere support will always remain with the University of Turbat for leaving no stone unturned in disseminating of higher education in order to produce human resource for changing world, ongoing flagship projects of China Pakistan Economic Corridor (CPEC) and other increasing economic activities. It is a matter of satisfaction for me to witness the achievements earned by the University of Turbat in short time, and I hope that the management of Turbat University will accelerate the journey of success and its efforts in eradicating education backwardness from this part of the country.

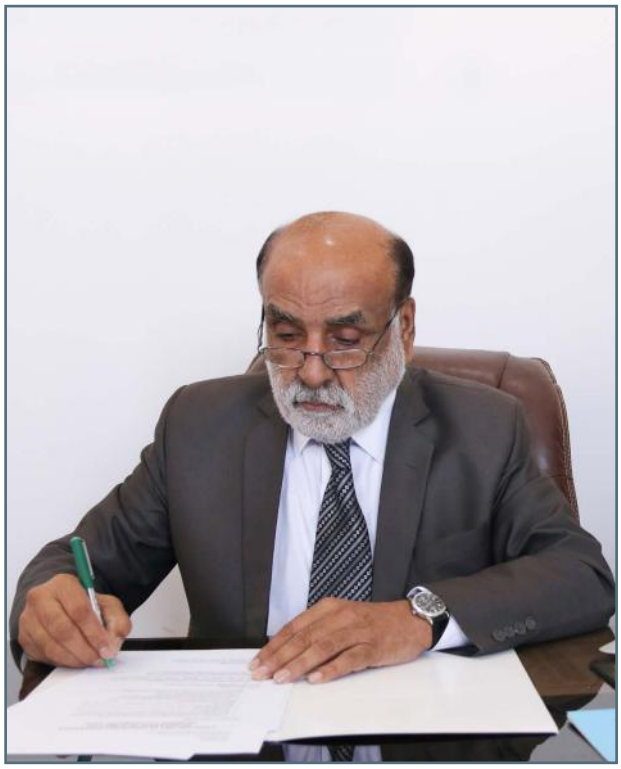
Given the strategic location of the University at heart of China-Pakistan Economic Corridor (CPEC) and its viability as a key driver of socio-economic development, as Chancellor of the University, I am confident that effort to excel in the field of higher education and the inculcation of moral values in the students at the University Campus will continue in future with greater zeal. I am happy to know that since its beginning in 2013, the University has achieved many milestones which include the extension of teaching department from three to eleven, starting M.Phil program, providing quality legal education by establishing faculty of Law, completion of its permanent building in record time, establishment of Institute of Balochi Language and Culture (IBLC), setting up another campus at Gwadar which has been converted into a full-fledged university, planning for setting up another campus at Panjgur, conducting its 2nd Convocation, sending dozens of scholars/faculty members abroad and country's best universities for Ph.D. and higher study, starting two research Journals, connecting university with PERN, maintaining merit and good governance, hosting international and national conferences and seminars and last but not the least signing many MoUs with national and international universities and institutions of higher learning. Due to these considerable achievements the University of Turbat had earned a distinguished place in the lane of good universities of the country in short time of six years. These achievements speak volumes of the tireless efforts of the University's faculty members and administrative staff for making this day a reality.

I take this opportunity to extend my heartiest felicitations to the management, faculty and students of Turbat University on these achievements. As the chancellor of the university I assure my all possible support and patronage for the further growth of the university. Government of Balochistan is committed to put its best effort and channelizing available resources to transform all Universities including UoT in the province into a state-of-the-art institutions of international repute that are equipped with latest teaching techniques, training facilities and technology. I wish that the management and faculty of UoT would continue their efforts incessantly for completing one milestone after another and bringing the university at par with the top institutions of higher learning in the country.

H.E Justice(R) Amanullah Khan Yasinzai

The Chancellor/ Governor Balochistan

Message from Vice Chancellor



Today I am proud to say that the employees of University of Turbat with the support of Higher Education Commission (HEC), Federal and Provincial Government and Governor Balochistan have been engaged in giving flawless contributions and services in shaping the careers of students for attaining the best result for themselves, institution, province and country. And I am sure they will not give it up at any stage of life. The University of Turbat started its journey of discrimination of higher education in this region from 2013 and since then number of milestone achieved by the institution which are now being acknowledged by people from all walks of life. It is matter of immense pleasure that our institution is moving forward successfully on its way to achieve its goal gradually through teamwork efforts of employees consequently many achievements earned by our intuition in the year 2018 which are enlisted in this Annual Report. Besides facing numerous challenges, I am pleased to see that our faculty members and other employees have been involved in tailoring student's personality and behaviors for making them useful for whole humanity. We are doing our utmost to bring about enlightenment in the life and leave a great impact on development and growth of our society and country. Apart from being the source of knowledge and wisdom our institution has also been engaged to promote the concept of entrepreneurship and research activities and we earned a distinguished place in the lane of famous institutions of higher learning in the country.

I am confident the graduates of the university will endorse the highest standards of academic, excellence and sit in the driving seat of the activities of economic development underway in the region. Today I feel so blessed that our University has such employees and students who prefer the interest of institution over their personal gain and we never compromise over the dignity of our institution. The collective interest of the university always remained supreme. The harmony and the mutual respect among all stakeholder remained utmost prerequisite in university for the only purpose of further growth of higher education in this region. Our university since its start is striving to curb the education backwardness and eliminate all kinds of unawareness and darkness from this region.

Prof. Dr. Abdul Razzaq Sabir (TI)
Vice Chancellor, University of Turbat

Foreword

The University of Turbat is the 1st University in the entire Makran Division and the Second general University in the province of Balochistan.

It was established under University of Turbat Act 2012 and started functioning from July 2013. The main Campus of the University is located at University Town (Ginnah) on main M-8 highway, while Department of Legal Education (Faculty of Law) , library and some other sections are located in a building in the City adjacent to Commissioner's House. Prior to that the Turbat Campus was running under University of Balochistan since 2009.

Since its coming into existence, University of Turbat has been trying to provide quality education. Today, twenty Under graduate programs and three Graduate programs are running in University of Turbat while another four Under graduate programs are running in its Gwadar Campus.

In order to provide guidance to the students about the existing programs, and their contents as well as other information relating to admissions, attendance, examinations etc. a prospectus was earlier published which has now become outdated since a number of new programs have been started in University of Turbat.

As such, the need was felt to revise and update the prospectus by incorporating all academic information upto September 2020.

It may, however, be noted that the prospectus is a guiding document and the rules and regulations applicable for admissions, registration, attendance, examination, fee submission and other aspects which are prevailing now or will be made in future will be binding. We have tried our best to provide all the information as completely and correctly as possible; however, all stakeholders are welcome to share their opinion if they see any gap or error and to provide their input for further improvement of the document. The process of improvement and betterment is a continuing one and with changes in future, we will keep on upgrading and updating this document.

Finally, I would like to thank all faculty and admin staff for contributing in making this document. I would specially appreciate Mr. Bilal-ur-Rehman, lecturer of Department of Computer Science for composing, designing and giving a presentable shape to this document, and Mr. Salman Essa, Public Relation Officer University of Turbat for collecting and compiling data from various departments. Last but not least, I must mention that without the continuous and valuable guidance and supervision of Vice Chancellor University of Turbat Prof. Dr. Abdul Razzaq Sabir, this task couldn't have been completed. The University of Turbat is moving forward in all fields under his able leadership.

Ghulam Farooq
Registrar, University of Turbat

2nd Convocation 2019 - University of Turbat

Introduction

The University of Turbat (UoT) is located at Turbat (District Kech) in Makran Division. The people of the region had always longed for a university nearby. Their dream finally materialized in the shape of an independent University when the academic activities started in the institution in May 2013 as a full-fledged university.

Prior to getting status as a full-fledged University in 2012, it has been remained a HEC Recognized Sub Campus of the University of Balochistan (UoB) from 2009 to 2012.

The University of Turbat Act. 2012 was passed by the Provincial Assembly of Balochistan on 20th June, 2012, assented to by the Honorable Governor Balochistan on 26th in same year, and was notified in the Provincial Gazette on 28th June 2012.

After completion of entire required formalities including submission of feasibility report, visit of the HEC evaluation team, the University of Turbat was recognized by the Higher Education Commission of Pakistan as 168th Public Sector University in the country and Second Public Sector General University in Balochistan on 12th March 2014.

The main objective of establishing this university is the provision of better opportunities of quality higher education to the students of entire province, mainly the remote and backward areas of Makran Division including district of Kech, Panjgur, Gwadar, and neighboring district of Awaran, Kharan and Washuk (which cover around 1/5th of the total area of the province) to bring them at par with the other parts of the province/country in all walks of life.

The university has been shifted from rented building to its permanent building situated at M-8 Ginna area in October 2017. The new building comprises all facilities for learning including academic blocks, class rooms, lecture theaters, video conference hall, Computer labs, multipurpose hall, Chemistry labs, Cafeteria, Student facilitation Centre, admin blocks, Bachelors Hostels, Central Library, boy's hostel, girl's hostel, residential colony, sport complex, mosque, Model School, Banks and Medical Center. Despite the heavy odds and daunting challenges, University of Turbat is on way to bringing an educational revolution in the domain of higher learning in Mekran Division.The HEC, provincial and Federal Government have ensured to expedite the process of Uplifting of Turbat University near future. Professor Dr. Abdul Razzaq Sabir and Professor Dr. Abdul Saboor Baloch took over the charge as first Vice Chancellor and Pro Vice Chancellor of the University respectively.

Within a short span of time Vice chancellor with the support of qualified faculty members and smart working administrative staff enlisted UoT in fast growing institution of higher education in the country.

Before transforming into an independent university three programs (BBA 4 years, BSCS 4 years, B.Com 2years) were in progress in sub campus of UoB but now there are 23 programs in 11 departments including M.Phil./MS in Balochi and Chemistry in UoT.

With around 2500 students and 200 employees, the University of Turbat has been providing quality education and enhancing entrepreneurial skills of the students.

The university is providing financial assistance to its students through Prime Minister's Fee Reimbursement scheme, Balochistan Endowment Fund, HEC Need Based and merit based Scholarship, Kareem Dashti scholarship, Meer Ilahi Bakhsh Scholarship and many other scholarships sponsored by philanthropists.

The passed out graduates and alumni of University are expected to play a vigorous role in the activities of the projects under China Pakistan Economic Corridor (CPEC) to bring about prosperity in the region.

University of Turbat believes to promote a culture of innovative and entrepreneurial, to foster and integrative thinking among students.

In this short span of time, University of Turbat earned a number of accolades which have been acknowledged by the people from all walks of life in the country.

Around 60 faculty members and scholars have been sent to different universities of Pakistan and abroad for M.Phil., MS, Ph.D. and MS leading to Ph.D under the Human Resource Development Program (HRD), Aghaz e Haqooq Balochistan Scholarship and other HEC scholarships scheme. Most of them, after completion of their degree have re-joined University and rest of them are expected to rejoin the university very soon. By the year 2020 the number of Ph.D. faculty is expected to raise up to fifty.

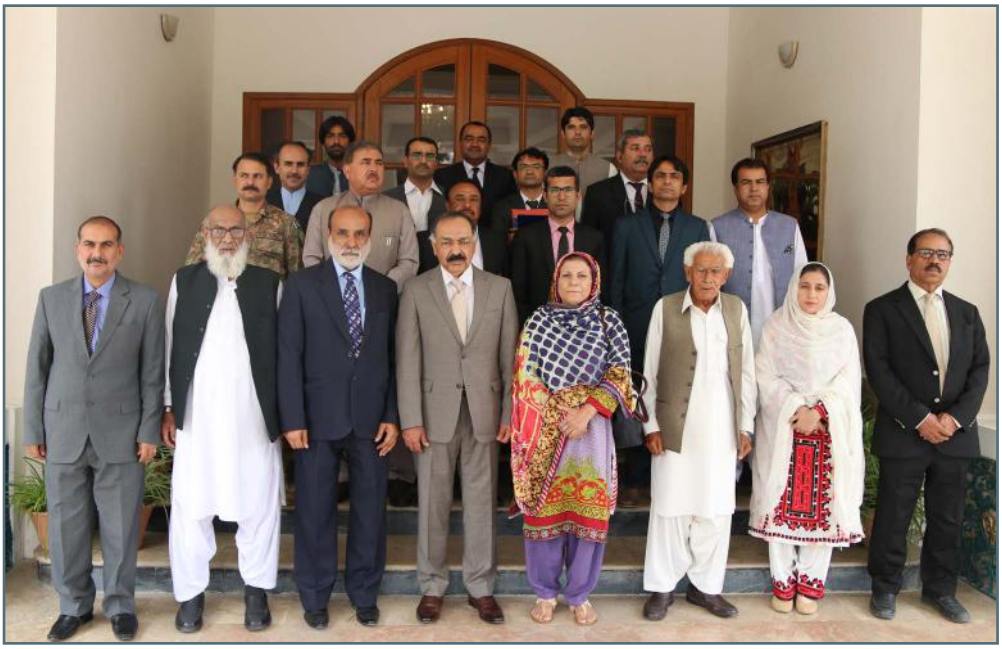
With 80 highly committed faculty members including 12 Ph.D. and 35 M.Phil./MS qualified, University of Turbat has grown to become a research led university, known for the excellence of its teaching, tradition, innovation and academic services being rendered to the people of Mekran, Balochistan and other provinces as well.

University of Turbat organized its 1st convocation in March 2017 which 220 graduates were conferred degrees and 12 position-winning graduates were also awarded gold medals. The management of UoT is planning to hold its 2nd convocation in March 2019.

The University succeeded to hold the meetings of its statuary and other bodies like Syndicate seven times, Academic Council eight times, Finance and Planning Committee eighth times, Academic Council eight time, Advanced Studies and Research Board (ASRB) Six times, selection board seven times, as well as all important meeting of the apex body the Senate three times.

Research and publications have been the defining distinction of the University of Turbat ever since its establishment. Earnest efforts are consistently made to promote a vibrant research culture and provide a favorable environment to both its faculty members and students for exploration and innovative market oriented higher learning.

University of Turbat launched its very own annual Research Journal GIDROSHIA for this specific purpose while IBLC also has initiated its research journal (MEERI) recognized by the HEC.



The Office of Research, Innovation, and Commercialization (ORIC) is striving to establish strong links with industry in order to facilitate the students for seeking internships and getting research projects for ensuring their future bright.

A bi-annual newsletter "KECH NEWS" from main campus and "ZERWAAN NEWS" from Gwadar campus are another symbol of distinction for the University. Therefore, University of Turbat is enlisted as one of those successful general Universities which have achieved the enviable feat of publishing their Annual Research Journal, Bi-annual Newsletter, Annual Report, Prospectus and Convocation Booklet in such a short span of time. This is truly a big success story for a University in such a far flung and remote area. University of Turbat, being a student centric university, is extending all possible facilities to its students for quality higher learning, research, and extracurricular activities.

A video conference Hall has established by HEC to connect the university with national and international institutions of higher learning. Directorate of Information Technology, the backbone of the university, is one of the paramount achievements, connected to Pakistan Education and Research Network (PERN 2) by the Higher Education Commission of Pakistan, providing Wifi services to students, faculty members and administrative staff.

Besides seminar libraries in each department, university also has campus library and university public library with more than 40,000 books on different subjects, national and international research journal, publications, periodicals, and newspapers.

Directorate of Public Relations, a career counseling and student affairs cell have been established to help the students to resolve job related issues such as finding work and setting career goals.

The Quality Enhancement Cell (QEC) with the support of Quality Assurance Agency of Higher Education Commission of Pakistan is working effectively according to the needs of modern times in a changing world with the responsibility to ensure quality education with the futuristic mindset, encourage different academic activities, faculty training and development workshop, and preparing self-assessment report of different departments and faculty members. University of Turbat has signed a number of MOUs with leading national and international universities and educational institutions for promotion of higher learning and research skills and to exchange a framework of cooperation and facilities with the signatories.

University of Turbat has organized many seminars, workshops, training sessions, literary and academic events, international lecture series, certification courses in IT and entrepreneurial-ship, business galas, sport festivals and study tours. Completion of university permanent complex in record time, establishment of its sub campus at CPEC central city Gwadar, raising 3 departments to 11 along with 28 programs in four faculty starting M.Phil. Program, taking reliable security measures, cheating free examination system , launching IT academy in collaboration with HEC,

entering into MOUs with national and international universities, establishing smart computer labs, affiliating of three degree colleges of Makran division to university of Turbat, co-hosting national seminar on CPEC at Gwadar , conducting meetings of statuary body well in time, holding inter university declamation contest, creating awareness against corruption, organizing IT and literary seminar, organizing Training workshops, international lecture series, annual Business Gala, various scholarships for students, national book fair and various extra-curricular activities in regular interval are among the considerable achievements of the university. Many ideas and projects are in pipeline as the part of short and long term strategic plan of the University. Establishment of more market oriented subjects, to set up another sub-campus in Panjgur, sending more scholars abroad for higher studies, training and refreshment courses, starting Ph.D., M.Phil. Diploma and certificate programs in different disciplines, starting Chinese, English and Balochi language program, affiliation of more degree colleges and educational institutions to university, hosting national and international conferences, launching housing scheme for its employees, setting up constituent Model High School and generating revenue by its own resources are among the main mission of future roadmap of the Turbat University.

Objectives

Institute of Balochi Language & Culture (IBLC)

Introduction

The Institute of Balochi Language and Culture (IBLC) in the University of Turbat was first established as the Department of Balochi Language and Literature in 2013 to cater the needs of the students of Balochi language and literature. Soon after its establishment the department became one of the most popular departments of the University with enrolling more students in its first batch and proved itself to be the center of excellence for the study, teaching and research about Balochi language, history, literature and culture.

Seeing its popularity and feeling the need of time the university administration, on the wishes of the Ex-Chief Minister Balochistan Dr. Abdul Malik Baloch, upgraded the department of Balochi language and literature in the University of Turbat in 2016, to an Institute (Institute of Balochi Language and Culture) and its horizons were widened and broadened to research and work on Baloch history, language, literature, culture, oral traditions and a lot more which particularly pertain to Baloch and its culture.

Apart from offering BS (four years/eight semester) MA (two years/four semesters), and MPhil programs, the Institute is also planning to offer PhD programs shortly. Moreover, the institute is also running a chair attributed to legendry Baloch poet Mulla Fazul, named as 'Mulla Fazul Chair'. The institute is also publishing a research journal 'Meeri' in which the research papers from well-known authors and researchers regarding Balochi language, literature and culture are published in it. Meeri is also a recognized research journal from HEC.

The institute, apart from conducting and supervising scholarly and academic works on formation, classification and standardization of Balochi terminologies related to the different aspects of life, is also working on Indexation of Balochi research journals. The Institute has also setup a reference library, established a Museum, a Center for Translation studies & Culture, Oriental and Occidental Language Center, Collection of general Archives, and a Baloch Cultural Exhibition Center are in the pipeline. The Institute is also working on Balochi Music and on preservation of Balochi Oral traditions. The aim of the institute is to streamline Balochi language, literature, history, and culture with the national and international languages and cultures. Besides, the Institute also aims to sign MoUs with international organizations working on the national and international languages, literatures, and cultures.

Department of *Political Science*

Introduction

Established in November 2013, the Department of Political Science, University of Turbat is moving ahead with utmost capacity to the satisfaction of graduates and faculty members. With the satisfactory results of the past two passed out batches and near about passing out of the third batch, the department is emerging as an attractive venue for ambitious learners to benefit from the courses and programs offered at the department.

Currently the department is offering BS in Political Science (4 years) from January 2018 to meet the demands of time and HEC policy regarding the new scheme of Higher Education in Pakistan. More importantly, the Department of Political Science University of Turbat is heading forward to equip its graduates with the tool of critical thinking, reasoning and rationality by involving them in research-based and scholarly studies. Furthermore, research, policy dynamics, strategic studies and citizenship responsibility are the areas which have been target of focus by the department. However, keeping in view the highly increasing needs of the age of globalization and interactive politics, the department is busy in inculcating insights about the current national and international issues to its graduates.

Department of *Economics*

Introduction

Economics is one of the crucial subjects of social sciences, in light of importance of economics; the department of Economics has been established in University of Turbat since January 2013. In short span of time, it emerged as the dominating discipline in the University. Currently, the department of Economics is running its master program (2-years M.Sc) as well as B.S 4 years program.

Efforts have been made and initiated to enable the students to translate the economic theories into practice as well as practical implementation of such theories to strengthen students' interest and their problem-solving approach.

The courses have been designed to understand the crucial issues of the world ranging from household to globe finance; micro to macro level policies of firms and industries; and other contemporary problems of economy.

Faculty of Legal Education

Prof. Dr. Gul Hassan
Dean of Faculty of Legal Education

Department of *Law*

Introduction

The Faculty of Legal Education University of Turbat is only legal institution in Makran Division initiated by University of Turbat. The purpose to start the legal education is to fill vacuum of skilled lawyers in province. The Law Department University of Turbat has been established on the special instruction of the Judiciary and pressing demand of the Civil Society to fill the gap of Judiciary due to carnage of 8th August 2016 and Law department was inaugurated by Honorable Chief Justice Balochistan High Court Justice Muhammad Noor Miskanzai on 5th Oct 2017.

Difficulties faced by legal education sector in Pakistan have been increased by the fact that unlike other subjects in the field of humanities, law institutions in Pakistan have been unable to promote and establish legal academics and scholars whose primary role include legal research and teaching, with the result that majority of these law institutions/colleges depend upon practicing lawyers to fulfill their teaching needs, people who have neither the time nor are trained in the pedagogy and academic research. This is unfortunate since legal research provides much needed critical discourse and evaluation of legal rules, which most practicing lawyers do not have the time to conduct, but is important to ensure the development of law in the right direction.

The legal education is not just about training lawyers, but is used by people who will go on to become political leaders, human right activist, social reformers, legislators legal drafters, jurists, etc. Legal education also plays a vital role in any society. It is essential in promoting awareness about the rights and obligations of citizens and public institutions. Five year program is introduced in the end of 2018.

The main objective of the department of Law UoT is to nurture the spirit of research, honesty, advocacy, trustworthiness and commitment to the cause of justice. We are devoted to strive for the human dignity, social justice and civil rights through disseminating the knowledge of law. We are committed to produce skilled legal professionals who are not only theoretically sound but who also accept an obligation with strong human passion to serve the community.

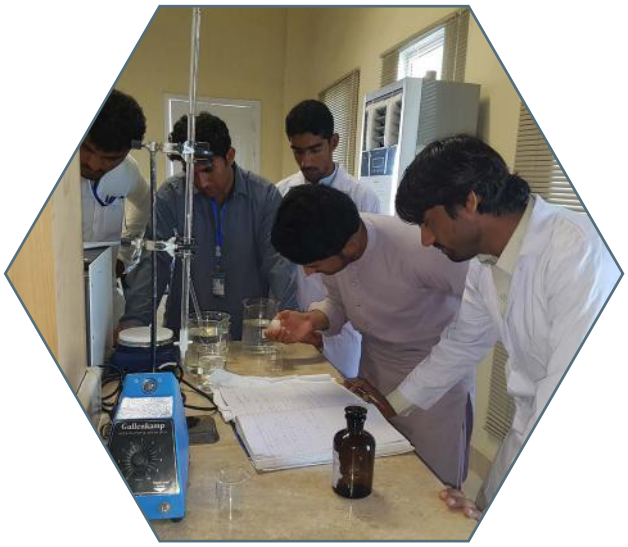
Dean of Faculty of Science and Engineering



Department of *Chemistry*

Introduction

The Department of Chemistry was established in 2015. Chemistry plays an integral role in today's scientific endeavours. As science has become increasingly interdisciplinary, fundamental scientific problems still focus on the chemical nature of matter. Department of Chemistry, University of Turbat provides an environment where the students at undergraduate and post graduate levels of studies can explore, discover, and learn about the chemical nature of the universe. The department was initially started with three teachers, but with the passage of time it grows in all areas of chemistry and providing the students an ideal environment and opportunity to learn with highly qualified faculty members trained in diverse areas of specialization in Chemistry. The Department of Chemistry at UOT currently offers BS (4-year), MSc (2-year) and M.Phil (2-year) programs. Department of chemistry also offer a wide range of courses in analytical, inorganic, organic, physical, biochemistry and other interdisciplinary areas. The Department is fully equipped with all basic research instruments, chemicals and books. We hope that it would be an excellent center of learning and research in the near future and would contribute to the development of the area and in turn the country. We also provide a platform, where students of undergraduate and postgraduate levels can understand and expand their knowledge about the chemical and biological nature of the universe.

Faculty of Science and Engineering

Department of *Computer Science*

Introduction

The revolution in information technology has profoundly influenced our way of life, our culture and our economy. Computer science education plays a special role in preparing future technology leaders and innovators. The Department of Computer Science trains future educators, researchers and professionals through an intensely personal engagement in a set of research activities that span the development of fundamental knowledge about computational processes, the design of new computing systems and methods, and the creation of novel applications that benefit society at large.

The Department of Computer is one of the first department of the University. Founded on 19th November 2009, the department continues its commitment to providing students with a state-of-the-art computer science curriculum. Today, the Computer Science Department forms the centerpiece of the University.

Faculty of Science and Engineering

Department of
Natural and Basic Sciences

Introduction

The department of natural and basic sciences will provide a strong support to establish interdisciplinary advanced research among the existing departments or future opening departments in the field of life sciences at the University of Turbat. The overall aim of this department is to foster interaction of existing departments of universities by developing interdisciplinary research in natural and basic sciences. It will help to develop a world-class center in basic, chemical and biological sciences in university doing both advanced research and education.

The department of natural and basic sciences will enhance the existing capacity of research and education in faculty of science through creation of interdisciplinary natural sciences research and education along with re-grouping research activities as per the current requirements and priorities.

Research Journals and Publications

Introduction

Research and Development are the niche of the University of Turbat. Although it has established recently, but level best efforts at all level have been taken to promote the research culture and provide conducive environment to both its faculty members and student for exploration and study of research. For the purpose of infacilitation and encouragement of Research, the University is also pleased to support financially at possible ends.

Research Journals

"Gidroshia" is the Annual Research Journal published by the University.

"Meeri" is the Annual Research Journal published by the Institute of Balochi Language & Culture duly recognized by the HEC.
