Slogan

Tradition - Innovation - Excellence

Mission

Our mission is to educate and nurture the future role players, decision makers and responsible individuals. Commitment to the ideals of creating knowledge economy. Opening new vistas for meaningful and original research in innovation and excellence. Remaining true to principals of merit, selfless service, and utmost objectivity. Make genuine efforts to better the lot of the people through harnessing talent and harvesting potential.

Vision

Meet the ever changing needs of the society by building on its traditions of innovation, and excellence and providing an educational resource to the people of the region.

Our University

Introduction

District Kech of Makran division with a population of around 12 lacs, the land of a romance legend, has always been a place of importance for its geographical location, and famous for its production of date fruit. It has been, and still is, the center of Makran region; geographically, socially, administratively and politically.

The people of the region had always longed for a university nearby. Their dream finally materialized in the shape of an independent University in May 2013 under the University of Turbat Act 2012. This was made possible due to the zealous efforts put in by academic and administrative staff at the sub campus with the support of natives, political parties, provincial government and management of University of Balochistan. Despite the heavy odds and daunting challenges, University of Turbat is on way to bringing an educational revolution in the domain of higher learning in Mekran Division. Soon after taking oath as Governor Balochistan, Honorable Mohammad Khan Achakzai and Chief Minister Balochistan Honorable Dr Abdul Malik Baloch extended exceptional support and assistance for the development of Turbat University.

Since its inception as a Sub Campus of University of Balochistan in November 2009, the program of BBA 4 years, BSCS 4 years and B.Com two years had already been introduced in the Campus.

With six hundred students and 86 employees, the University of Turbat has been providing financial assistance to students through Prime Minister Reimbursement scheme, Balochistan Endowment Fund, and Need Based Scholarship. The passed out graduates and alumni of University are expected to play a vital role in the activities of Pak China Economic Corridor to bring prosperity in the region.

In this short span of two years University of Turbat earned a number of accolades which have been acknowledged by the people from all walks of life. Universities are recognized and acknowledged worldwide mainly by its research and publications output going hand in hand with academic development.

Research and publications have been the defining distinction of the University of Turbat ever since its establishment. Earnest efforts are consistently made to promote a vibrant research culture and provide a conducive environment to both its faculty members and students for exploration and innovative market oriented higher learning. University of Turbat launched its very own annual Research Journal GIDROSHIA for this specific purpose while department of Balochi also has plans to bring out its research journal (MEERI) in near future. As many as 32 faculty members have been sent to different universities of Pakistan and abroad for M.Phil., MS and Ph.D. under local, split and foreign scholarship program as per PC-1. Half of them after completion of their degree are expected re-join University of Turbat very soon.

University of Turbat, being a student centric university, is extending all possible facilities to its students for quality higher learning, research, and extracurricular activities. Having established a well-furnished and equipped computer lab with latest computers connected with internet giving access to the major information and communication networks worldwide to enhance research culture and advanced studies within the university.

Directorate of Information Technology, the backbone of the university, is one of the paramount achievements, connected to Pakistan Education and Research Network (PERN 2) by the Higher Education Commission of Pakistan, providing Wifi services to students, faculty members and administrative staff.

Two libraries namely campus library and university public library with more than 12000 thousands books on different subjects, national and international research journal, publications,

periodicals, and newspapers.

Moreover, Directorate of Public Relations, a career counselling and student affairs cell have been established to help the students to resolve job related issues such as finding work and setting career goals.

University of Turbat has signed a number of MOUs with leading national and international universities and educational institutions for promotion of higher learning and research skills and to exchange a framework of cooperation and facilities with the signatories. University of Turbat plans to sign MOUs with national and international educational institutions in future.

Under the University of Turbat Project, the civil work on university building at Ginna some 15 kilometer away from turbat city at north, is fast underway and expected to be completed by mid 2016. The new building comprises academic blocks, admin blocks, Central Library, boys hostel, girls hostel, residential colony, sport complex, family park, mosque, and a Medical Center.

Many ideas and projects are in pipeline as the part of short and long term strategic plan of the University of Turbat. Establishing a new university sub campus in the future economic corridor Gawadar, introducing new science and market oriented subjects, sending more scholars abroad for higher studies, training and refreshment courses, starting Ph.D, M.Phil, diploma and certificate classes in different subjects, affiliation of degree colleges and educational institutions with university of Turbat, hosting more national and international conferences and generating revenue by its own resources are among the main mission of future roadmap of the university of Turbat.

Message from
The
Chancellor/
Governor Balochistan

H.E.
Muhammad Khan Achakzai

The University of Turbat is fast growing to become centre of a learning to cater the future needs of people from remote parts of the province.

It has steadfastly held on to its vision of a modern University that harvests and maximizes human potential through practical degree programs and hands on research oriented disciplines since its inception in 2012. The University has particularly been effective in filling an educational void in Mekran and its adjacent areas. It has ensured that higher education is no longer a distant dream but a practical reality.

Education is primarily geared to instil a tolerant word view with an emphasis on collective advancement while arming studetns with the means to eschew obscurantism and promote efforts for unity through diversity. University of Turbat ideally placed to be a catalyst for social change and further the cause of education by offering a wide range of disciplines as reflected in its educational program.

The establishment of the university is in pursuance of the government's policy to make higher education accessible to all strata of society so that the educational output in the shape of trained human resource contributes to the overall development of the province of Balochistan.

I offer my felicitations to University of Turbat on forging ahead through all challenges and wish all the Faculty and Management an equally rewarding year ahead. I am sure the level of commitment on part of all concerned will soon earn significant place for University of Turbat in the list of leading institutions of higher learning.

It gives me immense pleasure to present to you the second Annual Report of University of Turbat for the Year 2015. This has truly been a year of exceptional academic growth and ceaseless overall advancement for the University. This was basically a year of consolidation and strengthening of standards across the educational spectrum. New benchmarks in its motto of 'tradition, innovation, and excellence' have been set along the way for future developments.

As a testimony to the the University's progress-centric initiatives to bring about an academic sea change in the area, two new departments, Chemistry and Education, were inaugurated amid pressing popular demand and subsequent jubilation. The University is committed to charting a new course in teaching innovation in all disciplines, including the two newly established departments.

University of Turbat takes pride in its policy of offshoring knowledge and ensuring its access to the farthest reaches of society and providing a vent to the flourishing local talent. Pursuant upon that program, almost half of its Faculty has been granted Indigenous and Foreign scholarships and we expect to benefit from their services as early as next year, when the scholars start returning following the completion of their respective degree programs from within the country and abroad.

Ever since its recognition by Higher Education Commission on 12th March, 2014, within the very first year of its establishment, UoT has marched on and bagged new distinctions, while reinforcing its aspirations for greater

ideals along the way. It has its very own Research Journal *Gidroshia* that showcases the research endeavors of University of Turbat. Although it has a long go before all the long term objectives are realized, the University has made significant progress given the amount of time and it is well-equipped with all essential educational facilities and infrastructural resources.

It has been an absolute privilege to serve this august institution and I feel doubly rewarded with every moment of time invested in its progress. I thank my supremely talented Faculty and Administrative Staff for their selfless dedication and extraordinary personal commitment. I remain confident that future holds a great deal of promise for the area and its people and together we can scale newer heights and make long cherished dreams come true.

Message from **The Vice Chancellor**

Prof. Dr. Abdul Razzaq Sabir

The 21st century, which is known as the century of change, is the century in which the betterment and the progress of the knowledge, and the technology are directly proportional to the prosperity of any country and nation. This century has caused a great change in the norms and values, of change and adaptability, of people and their societies, and it has changed the collective-thinking manners of the nations. We too are a part of the same century, and we are in direct competition with the nations who have proved themselves, in every sphere and aspect, in the world; and who have their inevitable share and part in the greatest educational and ideological developments in the world at large.

Seeing the achievements and overall (highly appreciable) performance of the University of Turbat in its second annual report, I will not hesitate to say that University of Turbat is sincerely and firmly committed to show its pivotal and leading role in reshaping the lives, norms and values, social traits and the collective well-being of the people of the Balochistan in general and the people of the area in particular.

All that we have achieved or have been successful in achieving throughout this year is no doubt because of the entire team of the University of Turbat, but if the provincial government of Balochistan and the chief minister of Balochistan Dr. Abdul Malik Baloch personally had not shown any interest in developing the University of Turbat, we could not be successful in achieving many of the desired goals and targets. The

University of Turbat and its entire team is not only thankful to the chief minister Dr. Abdul Malik Baloch, but we are also hopeful that we will always have his patronage and support in future as well.

In the similar manner we are also thankful to honorable governor Balochistan, H.E. Muhammad Khan Achakzai and his respected office, whose help and support have lightened many of our hardships in our endeavors.

Last but not the least; we are thankful to Higher Education Commission, Islamabad, Pakistan, its chairman Dr. Mukhtar Ahmed and his entire team, who always have good wishes for the University of Turbat.

Message from **The Pro-Vice Chancellor**

Dr. Abdul Saboor Baloch

Univeristy's Governance

The Honorable Governor of Balochistan, H.E. Muhammad Khan Achakzai is the Chancellor of University of Turbat. The University Senate chaired by the Chancellor, is the supreme Governing/Legislative body of the University.

Department of
Chemistry

Introduction

Mekran, with its unique landscape, is the rich source of variety of unexploited minerals and unexplored medicinal plants. Therefore, there is dire need of research on minerals and medicinal plants of this area to isolate and evaluate new compounds and materials, devise new and economical industrial methods of synthesis and manufacturing, involve in biochemical analysis, forensic science, quality control and environmental protection. None of this is possible without a strong university education in Chemistry.

The Department of Chemistry was established in 2015. The department is comprising of highly qualified and talented faculty of national and international repute. The department is equipped with state-of-the art teaching and research laboratories facilitated with updated library. The Department of Chemistry conducting research on Applied, analytical & Industrial Chemistry, Material Chemistry, Natural Product Chemistry, Organic & Biological Chemistry and Physical & Theoretical Chemistry.

In order to compete in the international world, the department is establishing effective national and international collaborations with foreign universities, especially with German, UK, Malaysian, Chinese universities, etc. The faculty and students will get benefit from these MoU's by conducting collaborative research to enhance their knowledge and research expertise in the world ranking universities.

Department of
Computer Science

Introduction

The revolution in information technology has profoundly influenced our way of life, our culture and our economy. Computer science education plays a special role in preparing future technology leaders and innovators. It opens our mind to new horizons, unlocks doors to a broad range of career paths, accelerates professional advancement, and exposes us to ideas that are advancing the frontiers of science and technology beyond the field of computing.

The department of Computer Science trains future educators, researchers and professionals through an intensely personal engagement in a set of research activities that span the development of fundamental knowledge about computation processes, the design of new computing systems and methods, and the creation of novel applications that benefit society at large.

Department of
Economics

Introduction

Economics is one of those youngest disciplines which has a brief history of not more than three-hundred years, yet it dominates other social sciences. It seeks to answer the most pressing issues that world is currently facing. Thus, gaining knowledge of economics becomes essential for every society in order to achieve the basic goal of economic development.

To this end, the Department of Economics established at University of Turbat, with the aim of helping the students of Makran as well as entire Balochistan to master the principles essential for understanding and economizing problems, i.e specific economic issues and policy alternatives, to understand and apply economic prospective and reasoning accurately, and objectively about economic matters. Efforts are made to enable students to translate economic theories into real world settings so as to enhance their problem solving capabilities, and promote a lasting students' interest about economics and economy. The goal is to produce highly competent professionals, researchers, policymakers and managers for the productive resources of our society.

At present, the department offers two-year degree program of M.Sc economics. In fact, the course is such designed that not only prepares students to meet the current job market standards and challenges but also prepares them for further postgraduate studies.

Department of
Balochi

Introduction

The department of Balochi, University of Turbat, is a center of excellence for the study, teaching and research in Baloch culture, history and literature. Balochi department is big enough to offer a wide range and variety of approaches to research and innovation. Our programs are specially designed for highly motivated students with a passion for Balochi language, literature and culture, for imaginative approaches to these and for careful crossing of traditionally defined geographic, linguistic and disciplinary borders. The variety of research interests and expertise held by the department is echoed in the diversity of backgrounds and academic interests among our students.

Providing opportunities to experience the living languages and cultures studied in our department is essential to our academic mission. Besides regular co-sponsorship of cultural events and performances on campus and elsewhere in the Area, we are currently publishing an Annual Research journal "MEERI".

Department of
Commerce

Introduction

This department was established since the inception of the University of Balochistan, sub-campus Turbat on 23rd November, 2013. University hired one lecturer and the same lecturer was designated as the Department Coordinator.

Department initiated 2 years B.Com program from 1st January 2010. Under the supervision of University of Balochistan, campus passed two B.com batches exactly on time and currently 3rd, 4th and 5th batches are on their path to the success.

On 19th May, 2013 Prof. Dr. Abdul Razzaq sabir was appointed as first Vice Chancellor of University of Turbat and on the same date the University of Balochistan, sub-campus Turbat was converted into University of Turbat along with its entire assets, liabilities and services. Soon, Vice Chancellor appointed Lecturer Abdul Majid Nasir as the first Acting Chairman of the department, who was previously working as coordinator of the department.

After taking over activity, University of Turbat has decided to start Master of Commerce (2 Years) as its second program of the department. The program was started on 1st January, 2014 and will be completed on December 31, 2015.

Department of
Education

Introduction

Education is integrated with the world of transferring ideas to build up intellectual capacities and sensitizing learners to have their knowledge and wisdom a practical shape in term. A thousand years ago education was based on only assigning lessons for a group of people for punishing them for their mistakes but growing realization in this democratically global society has transformed the meaning of sophisticated education into simple and understandable form for the betterment of society.

Now education is simply considered as a process of desirable change into the behavior and attitude of everyone in this social system. Thus, different courses of education are designed to seek understanding to educational theories and ensure complete development of the child so that he/she could make an original contribution to human life according to the best of his/her capacity.

Currently, the department of education offers two-year degree program of M.A. Education and four-year degree program of B.Ed. Thus, the course is designed to prepare students to challenge the transmission mode of education that supports the existing power structure and move to the transformation mode where the main objectives of education is to reduce the socioeconomic gaps in society and empower the have-nots by maximizing their prospect in life. To realize the objective of the course, thus, the participants are not only prepared to fit themselves into the current job market but also enable them to challenge some of the social evils.

Department of

English Literature

Introduction

The Department of English Literature at University of Turbat aims at the systematic and scientific ways that lead to the progress of an attitude required for the students of this realm by knowing the excellence of literature as a part of human civilization from the first dawn and to analyze the grandeur of the finest names of the field.

The Department of English Literature also facilitates the students to skillfully work on their critical aspects of learning by providing them enough space to look deep into and evaluate different aspects of the different writers. The two year program involves four semesters in which background, poetry, drama, novel, criticism and prose are given much adherence and different great works of the genres are critically observed by involving research base assignments.

Department of
Political Science

Introduction

Established in November 2013, the Department of Political Science, University of Turbat, is forging ahead with its full capacity to the satisfaction of the students and faculty members. With the immensely positive result of the first Semester since its inception, the department has emerged as an attractive force for students desiring to do their Masters in Political Science.

The Department of Political Science is on its course with the aim of inculcating into the students an understanding of Political System and processes fulfilling the Demands of the Modern World. The consciousness of Constitutional and legal Rights and Duties of the citizens is a pre-requisite for democracy to take roots and flourish, which the department has succeeded in infusing and enhancing.

Further, more significantly, the department is proceeding to arm the students with the weapon of critical thinking and reasoning, rationality and Logic. To equip the students with questioning, enquiring, creative and innovative minds is specially focused with research-oriented studies.

With the ever-increasing intensity and frequency of the dynamic and interactive era of Politics, the Department is trying to give a penetrating insight into the current national and international issues and events.

Department of
Management Sciences

Introduction

The department of Management Sciences was established since the inception of the University of Balochistan, subcampus Turbat on 23rd November, 2009 and started its classes on 1st January 2010. University hired four lecturers for the said department, and currently there are ten regular lecturers and six visiting lecturers. Besides these lecturers

University of Turbat is about to induct four (4) more lecturers against the vacant vacancies of lecturers on study leave.

So far four BBA, one MBA (morning) and one MBA (Executive) batches are continuing their classes successfully. The first energetic batch of Bachelors of Business Administration has passed out on December 2013 and second BBA batch has passed out in December 2014.

In May, 2013 sub-campus Turbat was converted into University of Turbat along with its entire assets, liabilities and services. Soon after, the Vice Chancellor appointed Lecturer Waseem Barkat as the first Acting Chairman of the department. Current Acting Head of Department is Siraj Ahmed.

Soon after, the worthy Vice Chancellor decided to commence the Master of Business Administration (Executive) classes and within short span of time the MBA (Executive) classes started on 1st September 2013, and this batch will pass out in May 2015.

The Department has successfully started Master of Business Administration (Morning) as its third program of the department which were started on 1st January, 2014.

Two New **Ph.D. Holders Join UoT**

While these scholars are expanding their knowledge by further studies, the uninterrupted joint efforts by the Vice Chancellor University of Turbat Prof. Dr. Abdul Razzaq Sabir and Pro Vice Chancellor Dr. Abdul Saboor Baloch and their team for hunting the Ph.D Degree Holders for the University of Turbat, is on a road to success as two more Ph.D Degree Holders formally joined UoT. Both, Dr. Haneef-ur-Rehman and Dr. Attiq-ur-Rehman, of them assumed their charge as A.Prof at newly established Department of Chemistry.

While the hunt for Ph.D. holders is still on, four of the regular faculty members have been promoted from Lecturer to Assistant Professors, namely Mr. Waseem Barkat, Mr. Adeel Ahmed, and Mr. Riaz Ahmed, from Department of Management Sciences and Mr. Ghafoor Shad from Department of Balochi. Mr. Tahir Hakim, recruited as Assistant Professor for the Department of Balochi.

4th meeting of Finance and Planning Committee of University of Turbat at HEC Regional office at Karachi. During the meeting, Vice Chancellor insisted on the need of appropriate planning for the fast completion of long term developmental projects well in time to achieve targeted goals in the field of Higher Education. The way University of Turbat is introducing a new epoch of providing Higher Learning and Research culture to the people of Mekran division, is believed to be beneficial in true sense for the future generations of this region long through centuries in the field of quality Higher Education.

In the meeting the proposed estimated budget of the University for 2015-2016 and other financial matters were discussed thoroughly. In the mean while the Finance and Planning Committee reached on some important decisions that included the approval of Group Insurance Scheme for the University Teachers, Officers and Staff, encouraging Ph.D degree holder Teachers to serve at University of Turbat, Fee Structure of Bachelor and degree level Examinations and idea to establishment Sub Campus of the University of Turbat at Gawadar.

4th Finance and Planning Committee Meeting

1st Affiliation Committee Meeting

The purpose of the meeting was to endorse and ratify the affiliation progression of all Government Degree Colleges/Educational Institutions situated in the territorial Limits of the University of Turbat under the University of Turbat Act 2012. The matters relating to the affiliation of pre affiliated-Public Sector Degree Colleges, non-affiliated colleges of Makran Division and affiliation of Elementary Colleges of Kech and Panjgur with University of Turbat were thoroughly discussed and resolved with reference to the Affiliations Rules and Regulations approved by

the Higher Education Commission of Pakistan.

During the meeting the Chairman Affiliation Committee Dr. Abdul Saboor said that the all codal formalities and procedures laid down by the Higher Education Commission of Pakistan have been observed strictly during affiliation process. He said that in the next phase of affiliation process the applications will be invited from Degree Awarding Private Colleges for affiliation with University of Turbat.

Third meeting of academic council of University of Turbat chaired by the chairman of academic council Vice Chancellor Professor Dr Abdul Razaq Sabir, was held here at city Campus University of Turbat. The meeting was also attended by Pro Vice Chancellor Professor Dr Abdul Saboor Baloch, university officers, sectional heads, chairman of various departments and faculty members. In his presidential address Vice Chancellor welcomed the members of the academic council in the august meeting and said that University of Turbat is all capable to meet the expectations of the people in the field of higher education and research. University of Turbat is being widely recognized not only in the province but also across the country due to its incredible achievements soon after two years of its establishment.

3rd Academic Council Meeting

3rd Syndicate Meeting

UoT in a very short span of two years has greatly contributed to the Higher Education in Mekran which is bearing positive results and with each passing day the confidence of the people is strengthening. Quality Education in a cheating free environment is the mission of this institute. VC UoT spoke these words on the event of 3rd Syndicate meeting of UoT. He added that faculty training is an essential part of the university vision which helps groom the faculties' ability in both academic and administrative affairs and for that different training programs including

short training visits to HEIs within the country to gain academic expertise, are encouraged.

The meeting involved the different decisions of different committees including the Selection Board, the decisions taken by the Finance Committee and the approval of the budget for the upcoming year 2015-16. Opening of UoT Sub-campus at Gwadar and Housing Society for the University employees were also on agenda.

Directorate of Information Technology

The Information and Technology departments is highlighted some of its achievements during the period of 2014. The milestones achieved are enormous. Information Technology department is the backbone of any organization. Internet has made the world a global village. Information Technology is the gateway that global village. Organization are empowering their Information and Technology departments to meet the challenges of modern era. University of Turbat has established its Information Technology department in 2013 and Mr. Abdul Hakim from Department of Computer Science, is in charge. One of the achievements after affiliation was to get connected to Pakistan Education and Research Network (PERN 2) by Higher Education Commission. On 1st Nov, 2014 The University was enlisted in PERN 2.

Matter related to Information Technology are overseen and regulated by Information Technology department. Inter-departments are provided technical assistance for smooth work progress. For better communication, Infrastructure for internet is developed. Fully furnished computer labs with latest specification, each system fully integrated with latest software and capable of running the up to date graphic tools such as Auto CAD and Maya etc. Wi-Fi Service is provided to students, faculty and administration.

Students can access network and internet resources through different hotspots. For security measures Wi-Fi clients are allowed to access internet with proper registration. Information Technology department enhances the collaboration of internal departments and administration with in University.

After two well functional computer labs, a third with the most advanced machines to date with the power of tackling most advanced engineering tasks and simulation has been established and been inaugurated by worthy CM Balochistan, Dr. Abdul Malik Baloch.

The National Education Research and Education Network, Pakistan (PERN 2)

University of Turbat has achieved one its milestones being connected to PERN 2. Pakistan Education & Research Network is the only research and education network of Pakistan which was launched in 2002. The purpose of this national research and education network is to provide communication infrastructure to the universities, institutions of higher learning and research organizations to meet their networking and internet requirements. The network has evolved significantly and is providing valuable services, like high-speed internet, audio/video conferencing, and access to digital library resources.

PERN Services

- Internet Services (Fastest Access to Information)
- Intranet: Virtual Private LAN Service (Secure, Reliable Global Ethernet VPN Full-Mesh Solution)
- National Digital Library
- Video/ VoIP (Video Conferencing)
- Local Content Hosting (Cloud Services)
- Unified Communication (The Private Cloud technology as implemented is primarily aimed at providing Unified Communication solution including email services, office communicator etc.)

Directorate of Public Relations

In this most communicative and media era it became increasingly important for every Institute/Organization including universities to know what their clients and stakeholders are thinking about them, what they like and dislike, and what concerns and satisfies them.

Historically, the practice of Public Relations unit within universities has been one-way, asymmetrical. But in recent years, however, scholars have advocated a strategic approach to University Public Relations that moves beyond media relations and embraces strategic management, two way symmetrical communication.

Most of the Universities had a problem in coordinating with public media and other stakeholders; therefore they preferred to establish the Directorate or the Unit of Public Relations in the vicinity of the Universities to fill the gap, having strong linkage with stakeholders and media to introduce the positive image of the University in the society. In recent years, numerous universities have established Public Relations unit to serve the purpose.

Moreover they have done so in order to better communication with students, alumni, communities, affiliated and constituent colleges, publics and other stakeholders.

Acknowledging the contemporary dominating role of media in national development, and the increasing importance of the Public Relations unit in educational institutions, it has been decided by the competent authority to introduce Directorate of Public Relations at the University of Turbat. Mr. Ijaz Ahmed Baloch has been appointed as first Director of the Directorate of Public Relations, UoT on June 24, 2015.

Considering that the University of Turbat is relatively a new one, the efforts taken by competent authority to expand and develop it's of Public Relations Unit is an ample addition to promote Higher Learning in Makran region.

This office directly works under Vice Chancellor's supervision, therefore this office is bound to perform its duties under the auspice, guidance and patronage of the Vice Chancellor. This

will be the main publicity arm of University of Turbat. It primarily will deal with dissemination of information and news pertaining to the university, and Public Relations, focusing mainly on projection

of official policies, academic activities and development programs through issuance of handouts, press releases and maintaining a close liaison with the local media and Cable Television Network through a Public Relations Officer. This office will be on a mission to maintain and strengthen university

media relationships, publicity and projection of university's curricular and co-curricular activities and present feed back to the Vice Chancellor Office. With the consultation and approval of competent authority the Directorate of Public Relations can arrange talks/discussion session regarding multidimensional implications of social media on students.

The Directorate of Public Relations basically is considered to disseminate

information/news among the people, organizations and all stakeholders within and outside the province through different tools of

communication. It will create awareness amongst the people on university policies, plans and programs for the development of Higher Education in a far flung and remote area like Mekran division. This office will be supposed to act as a bridge between the stakeholders (internal and external publics) and the University of Turbat.

Quality Enhancement Cell

The Quality Enhancement Cell (QEC) in University of Turbat is a newly created cell according to the need of the modern times with the changing of the world.

Dr. Hanif-ur-Rehman (Chairperson Department of Chemistry) is incharge of the cell.

This requirement brought into fulfilment by the support of the Higher Education Commission of Pakistan in association with the Quality Assurance Agency (QAA) of Higher Education Commission of Pakistan. Since the establishment of the QEC, the section has performed many academic and extra-curricular activities in the University.

Under University of Turbat, a Two days Orientation & Awareness Seminar was jointly organized by department of examinations & Quality Enhancement Cell(Q.U.C) for the newly admitted Students of various departments for the academic year 2015,from Feb.17 to 18, 2015 at Kech Public Library University of Turbat.

Speaking at the opening ceremony, Vice Chancellor Prof. Dr. Abdul Razzaq Sabir said that it was very much encouraging that upon the beginning of new academic year this important and knowledgeable Seminar was organized for the new Students, in which the Students will be oriented about Semester System and Quality Education.

The Pro Vice Chancellor UoT Dr. Abdul Saboor Baloch said that Department of Examinations and Q.E.C. are appreciable that organized and conducted Seminar on timely manner. The important of the seminar is very much high because the newly admitted Students don't have prior information and orientation about Semester System. He hoped that it would remain longstanding impact and positive results in kind of better performance of the Students.

2 Days Orientation & Awareness Seminar

Finance

Salient Features

The main sources of funding of UoT are Development Grants and Recurring Grants being received from the Federal govt through HEC. HEC is also providing dedicated funds for specific purposes such as to meet security requirements , to provide in house training etc.

Apart from the above, the honourable Governor Balochistan also allocates some funds to the University as Grant in aid for specific purposes. The University's own revenues from Tuition Fee, exam fee and other heads are contributing in its Revenue- Pool to some extent.
The UoT Project

The Project titled "Establishment of University of Turbat" was approved by ECNEC during May 2011 at a total cost of Rs. 1580.39 (M). Although the commencement year of the Project given in the PC-I was 2011-12; however the Project was actually started from the F/Y 2013-14 after induction of full-time VC and other Senior officers. Since July 2013, the work of the construction of new Campus is continuing without any break and by Jan 2016, almost 70% of the works have been completed.

Apart from Civil works the Project cost also includes other components such as scholarships for higher studies, Purchase of equipments, Furniture & Fixtures, books and Journals, Transport and Security system etc. Due to delay in starting of the Project, law and order problems and other reasons the cost of Project increased beyond the permissible limit of 15% ; as such a Revised PC-I was prepared and approved by the Govt at a cost of Rs. 2820.62(M) during January 2016. A total amount of Rs. 768 (M) have already been spent from the Project funds by 31st January 2016.

Recurring Grant

Soon after being recognized by HEC, the University of Turbat started receiving annual Recurring Grant from HEC w.e.f Sept 2014.

During 2014-15 it received a total grant of Rs. 45(M) while during 2015-16, its allocations were enhanced to Rs. 100(M) which also included Rs. 5 (M) for need-based scholarships. The total expenditures against Recurring grant during last two years has been Rs. 66.2 (M) up-to January 2016 while total releases for the same period were Rs. 82.56 (M).

Budget for F/Y 2016-17

The Tentative Budget for the next F/Y 2016-17 was considered by the Finance & Planning Committee of UoT in its meeting held on 13th Feb 2016 according to which the total volume of next year's budget would be Rs. 254 (M) out of which about Rs. 70 (M) will be met from internal sources and grants from provincial govt; while the HEC has been requested to meet the shortfall of Rs. 184 (M). The final budget would be formulated after knowing about the actual allocations from HEC.

Endowments Fund

The former Chief Minister of Balochistan Dr. Abdul Malik Baloch ,had announced during the stone laying ceremony of the UoT Project on 6th February 2014, to provide funds for establishment of UoT's Endowment fund. Accordingly an amount of Rs. 50 (M) was received from GoB during last quarter of F/Y 2013-14 which was invested in three years term deposit in NBP @ 11.75 % p.a after obtaining comparative rates of interest through open and transparent bidding.

This fund is meant for investment in the long term deposit/securities in order to meet long term financial needs of the University and the profits/interest are utilized for providing scholarships and other benefits to the students.

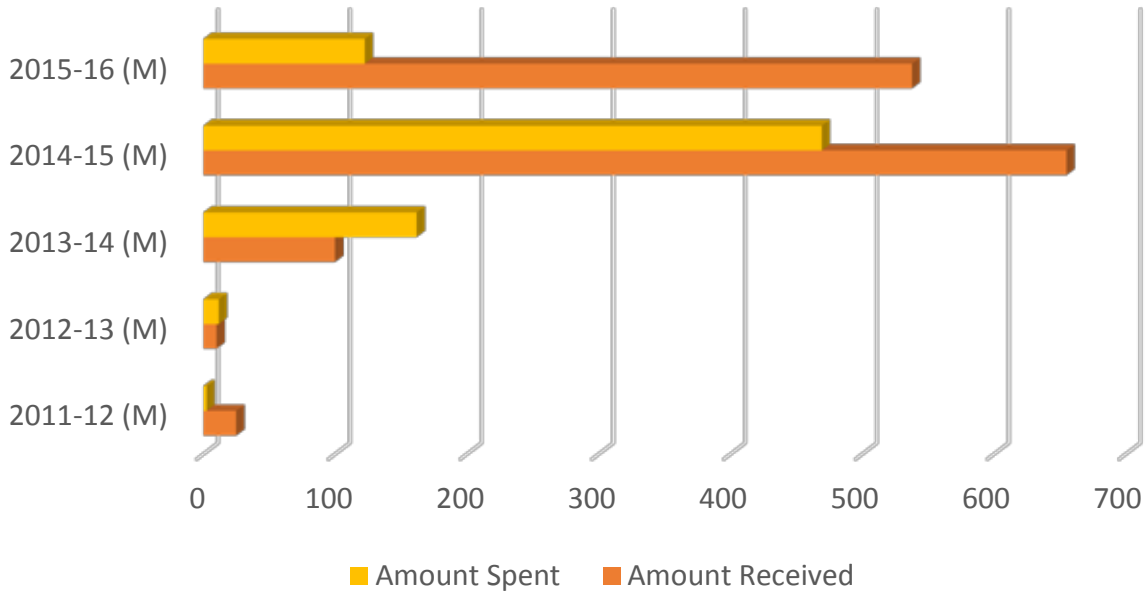

Grant in aid

The honorable Governor Balochistan/ Chancellor PSU 's of Balochistan has very kindly granted a total amount of Rs. 28 (M) during the last two years i.e. 2013-14 and 2014-15 as Grant in aid which have been fully spent for the heads and purposes prescribed by the Government of Balochistan. A request for allocating an amount of Rs. 40 (M) to UoT for the current F/Y 2015-16 is pending with the concerned quarters.

Future Plans

The Management of University of Turbat is determined to make the University financially healthy and stable in the long run. To achieve this objective it aims at enhancing its revenue-earning capacity on the one hand and strengthening financial discipline and governance on the other hand. The University has already taken steps to start the process of affiliating all the colleges and other institutions within its jurisdiction as well as to register Private Candidates. It is expected that this will bring in significant revenues during next Financial year and the subsequent years. There are a number of other plans in pipeline aimed at making the organization financially self-sustaining.

Seminars
Workshops
**Trainings &
Events**

On 9th and 10th April 2015, Gwadar observed for the first time in its history, a number of 26 vice-Chancellors and Intellectuals from all around the country including representatives of different International Organizations. The event was sponsored by Government of Balochistan/Chancellor office. The delegates attended the inauguration of road map and Special meeting of Inter University Consortium for the Promotion of Social Sciences and Art and Humanities in Pakistan by the consortium. The Launching ceremony was attended by the Chief Minister Balochistan Dr. Abdul Malik as the Chief Guest who reiterated the need of the need of such events and pressed the need of allocation of more scholarships and funding for the students of Balochistan. He welcomed the initiative taken by University of Turbat. He appreciated efforts of the VC UoT and his team. The launching ceremony was presided over by Chairman IUCPSS and Vice Chancellor University of Hairpur Dr. Nasser Ali Khan. Dr. Mansoor Akbar Kundi, Executive Director Higher Education

UoT Hosts 26 VCs of HEIs' on the occasion of IUCPSS meeting at Gwadar

Commission of Pakistan promised for the increase of Scholarship Opportunities for Balochistan and promised any kind of possible support to the University of Turbat. Saifullah Chatta, the chief Secretary Balochistan was also present. Adnan Riaz, Chairperson Department of English, University of Turbat was the moderator of the inaugural.

On the second day of the event in the special meeting of Inter University Consortium for promotion of Social Sciences in Pakistan the participants deliberated on various issues and proposals for strengthening social sciences in Pakistan especially in Balochistan. The meeting included some new steps to be taken in order to strengthen the condition of Social Sciences in Pakistan. These assertions called for increase in allocation for establishment of Pakistan Academy of Social Sciences, consolidation of current social sciences research journals and elevation of inter-provincial skill collaborations & sharing knowledge in higher education sector.

Pro. Dr Abdul Razzaq Sabir, Vice-Chancellor University of Turbat, at the end thanked the participants and acknowledged the worth of the presence of all the member Universities.

During their stay at Gwadar the HEC delegation headed by Prof. Dr. Mansoor Akbar Kundi E.D also visited the newly proposed building for University of Turbat sub campus at Gwadar.

Chief Minister Balochistan Dr Abdul Malik Baloch paid a special visit to University of Turbat. During the visit addressing on the exceptional occasion of Cheque distribution Ceremony in connection with Prime Minister's Fee Reimbursement Scheme for Less Developed Areas. Speaking at a cheque distribution ceremony under the Prime Minister's Fee Reimbursement Program at University of Turbat held on October 13, 2015 the Chief Minister Dr Abdul Malik Baloch asked the students to concentrate on obtaining higher education instead of looking for minor jobs.

The Chief Minister said to the youth that you are living in an era of competitive and merit in which only those people will succeed who have knowledge and skills. Therefore you should mold yourselves according to the modern requirements and work hard to meet future challenges.

During his visit to University of Turbat City Campus the CM Balochistan inaugurated newly established Department of Chemistry, well-equipped latest Computer Lab, Video Link System and PERN connectivity for easier access to internet world wide to improve video conferencing, education and research activities in University of Turbat.

CM Balochistan visits UoT City Campus

2nd Indigenous On-Campus Training at UOT

University of Turbat in collaboration with Higher Education of Pakistan has chalked out a constructive plan to brush up and expand the talent of administrative staff, faculty members and the students of the University of Turbat and the other affiliating colleges and educational institutions situated in the territorial limits of the University of Turbat by providing them the facility of On-campus Training so that they can accomplish their creative skills not only in the field of technology and higher education but also in every spheres of life. This was expressed by

the Vice Chancellor University of Turbat Prof. Dr. Abdul Razzaq Sabir during address to participants of the closing ceremony of second five days Indigenous On-campus Training at University of Turbat, which was organized in collaboration with Higher Education Commission of Pakistan for the capacity enhancement of administrative staff of University of Turbat and other educational institutions from October 28th to November 1st, 2015. The key objective of the training was to help the participants to improve the administrative efficiency of universities/colleges and enable them to promote good governance in their parent's institution.

Keeping university teachers abreast with current trends, a professional development workshop for faculty members of Balochistan based Universities was organized from 24 August to 4 September, 2015 at the Faculty Development Academy of COMSATS Institute of Information Technology Islamabad by Inter University Consortium for Promotion of Social Sciences (IUCPSS) and COMSATS Institute of Information Technology (CIIT) in collaboration with National Testing Service (NTS) Pakistan and Government of Balochistan. The main objectives of

2 Week Workshop for Faculty Members of Balochistan's Universities

this master trainer workshop was to keeping the university teachers abreast with current trends in knowledge disseminating in areas such as curriculum development, assessment and evaluation, microteaching and research methodology, academic writing, classroom management, communication and presentation skills.

Six UoT faculty members including Dr. Hanifur Rehman and Zafar Ali from Chemistry, Manzoor Ahmed Education, Muhammad Alim Management Sciences, Muhammad Nazwaz from Pol Sc and Muhammad Sadiq Saba from Balochi Department attended the training.

Indegenious on Campus Training for Administrative Skills

Five-day Indigenous on campus Training was conducted by the University of Turbat in collaboration with Higher Education Commission of Pakistan. The training concentrated on managerial skills and good governance for the participants for the enhancement of their skills and the better handling and management of their concerned departments and sections. The Non-teaching officials, grade 16 and above from University of Turbat and the different institutes together with Govt. Elementary College, Atta Shad College Turbat were among the participants. Dr. Gul Hassan PVC LUWAMS Uthal contributed as the resource person who conducted the 5-day program with 15 sessions. The vigorous participation of the participants added to the fine progression. Question and answer sessions with experiences shared helped making the event fruitful. Dr. Abdul Saboor PVC University of Turbat shared his commitment in the Opening Ceremony of the event with the belief that the University of Turbat would continue such efforts. Being the Coordinator of the event he thanked the resource person for his presence at the program.

First video conferencing arranged at University of Turbat where the renowned Professor, Researcher and founder of Higher Education Commission of Pakistan and former chairman HEC, Dr. Atta Ur Rahman presented his research paper on subject Building knowledge economy: imperative for socio-economic development, live from HEC auditorium Islamabad. Dr. Atta Ur Rahman highlighted the need and compatibility of knowledge economy in the world generally in developing countries particularly. The video conferencing was attended by sixty

five universities of Pakistan including University of Turbat. The Vice Chancellor University of Turbat Prof. Dr. Abdul Razzaq Sabir along with head of departments and faculty members participated in video conferencing.

While admiring the efforts taken by the incharge IT section and his team for making possible participating in video conferencing successfully, the Vice Uhancellor University of Turbat Prof. Dr. Abdul Razzaq Sabir assured to provide every support and assistance in the efforts to be taken to make possible the participation of students in video conferencing.

VC UoT visits Vancouver for a 10 Day Study Tour

The Vice Chancellor University of Turbat, Prof. Dr. Abdul Razzaq Sabir, along with nineteen other Vice Chancellors of Pakistani Universities HEIs, representatives of the British Council in Pakistan and Higher Education Commission of Pakistan is in Vancouver Canada for a 10-day study tour. The visit is hosted by Commonwealth of Learning (COL), the British Council in Pakistan and the Higher Education Commission (HEC) of Pakistan.

The stay aims to develop the leadership, strategic planning and other capacities of the Vice Chancellors by learning from the experiences of their counterparts from the leading universities like British Columbia University and Simon Fraser University Vancouver Canada. The visit involves presentations and workshops from Commonwealth of Learning (COL), British Columbia University and Simon Fraser University's top experts. The stopover by the Vice Chancellor University of Turbat also included the meeting with the Vice Presidents of the both Universities. The VC UoT also presented Logo-shields to the Vice Presidents of the both highly ranked Institutions.

The 2nd NBEAC Deans and Directors Conference on “Building Bridges, Fostering Collaborations in Business Education” held at Marriot Hotel Karachi on 10-11 February, 2015. University of Turbat made its representation through Mr. Mumtaz Ahmed, Chairperson Department of Management Sciences who keenly participated in this conference and shared his experience and stressed on challenges faced by Business Schools in this region and their collaborations with industry.

The conference was chaired by Dr. Hasan Sohaib Murad, Chairman NBEAC and Co-chaired by Dr. Ishrat Hussain, Director, Institute of Business Administration, Karachi and Dr. Mukhtar Ahmed, Chairman, Higher Education Commission, Islamabad.

The Conference was a venue for experience sharing, based on the discussions and perspectives of heads of business schools and industry professionals. The strategic level conference provided a platform for heads of business schools and industry executives to share their experiences in establishing linkages and contributing to the development of business education, industry and economy.

UoT made its representation in the 2nd NBEAC Conference

Book launch ceremony at University of Turbat

Launching ceremony of the book titled "HAPT TALAR" was held on 08th November, 2015 in a jam packed Hall of Public Library University of Turbat. Dr. Fazal Khaliq Baloch the author of the book, graced the occasion as chief guest while renowned scholar Yousaf Gichki and Zarjan Naseer were also present in the formal book launch ceremony as special guests. The event was presided over by Prof. Dr. Abdul Saboor Baloch, Pro Vice Chancellor University of Turbat.

Famous writer Dr. Fazal Khaliq's book is an insider account of historical place "Hapt Talar" situated

between coast of Ormara and Pasni.

Renowned researcher and thinker Yousaf Gichki, Chairman Balochi Department Ghafoor Shad and emerging poetess and writer Zarjan Naseer were among the other speakers who put an in-depth critical analysis over the strengths and weaknesses of the book straight away.

An inspiring ceremony in the honor of prominent philosopher and fiction writer Munir Ahmed Badini hosted by Department of Balochi Literature University of Turbat held at Public Library Kech, University of Turbat. The ceremony was presided over by the Vice Chancellor University of Turbat Prof. Dr. Abdul Razzaq Sabir.

Giving an in depth analysis on the subject “the evolutionary era of Balochi fiction” the renowned philosopher Munir Ahmed Badini said that Balochi is not a regional language, rather it is a national, an eloquent and compressive language. He said that I am a strong believer that Balochi Prose including Fiction writing, criticism and research should not remain behind compare to poetry in the literary race.

On this occasion Mr. Badini presented the idea to celebrate the year 2016 as “Prose Year” which was formally accepted by the University of Turbat. Meanwhile Mr. Badini presented a set of novel based books written by him, to Balochi department which were received by the Chairman Department of Balochi, Ghafoor Shad.

Univeristy Facilities

Computer Laboratories

The University of Turbat (UoT) has a well furnished and equipped computer labs working under the Computer Science Department and IT section of the University, there are more than 200 latest new computers have been provided to the University Computer Laboratory. This service provides net services to the Central Library, departments, faculty and administrative offices 24 hours. In the Central Labs, PCs are provided, offering a range of standard office software for document creation and presentations. Specialist provision is available to support research and advanced study within the University. Computers in the campus are connect- ed to the University's main server through a wide area network giving access via the internet to the major information, research and communications networks worldwide.

Computer Laboratory

Computer Laboratory

Campus Library

The books and reading material available in Library support not only every course in the curriculum i.e. Management Sciences, Computer Science, Commerce, Economic, Political Science, English, and Balochi but also include selected stock of general books and materials on History, Anthropology, Islamic Studies, Geography, Archeology, Regional Studies, languages and literature, published by National and International publishers, Library also has subscribed national and international periodicals, publications, newspapers in English, Urdu and Balochi etc. The whole library system at campus library is being computerized and HEC has been asked to provide facilities for online library service which will be available through a network after the completion of the computerization process. The library also has a reasonable number of internationally published Research Journals available.

Campus Cafeteria

The University of Turbat at its City Campus has a well-furnished Cafeteria having fast food and tea shop facilities only for campus students and faculty members.

The Cafeteria has seating for more than 30 students at a time with separate seats for male and female students or faculty members.

Photocopy facility is provided by the Cafeteria owner within the campus for facilitating students of UoT, especially females.

Student Hostels

University of Turbat has students from all over Makran that are enrolled in different programs. Some of the students are not resident of Turbat City. For them, UoT has hired 3 buildings for hostels, which include 2 for boys and 1 for girls, with all basic needs and comfortable, secure locations in the city.

Each hostel has its own cook and mess, which is partially supported by the University. There are security guards on each hostel, and a female warden for the girl's hostel.

University Transportation

The University of Turbat has four buses to provide pick and drop facility to the students living in Turbat city and suburbs. The University also provides transport facility to its students for field work and annual picnics once a year to each department on need basis. The study tours for students are partly financed by the students and supplemented by the University, subject to availability of funds.

Extra Curricular Activities

University of Turbat's Annual Business Gala 2015 ultimately grasped the attention of the mammoth number of people from every walk of life in Mekran division. It was the third business Gala organized by the University, successfully continued for two days on December 7 and 8, 2015 at City Campus.

The first day of Business Gala was reserved for male and the second day for female and kids. The massive participation with keen interest of audience in this edutainment co-curricular event inspired the organizers to expand the frequency and variations

of the exceptionally admirable traditional festival of the University next year.

As many as 35 different stalls of multiple items/products were set up in Business Gala by all departments of Turbat University, and some sponsors such as United Bank Limited, Warid Telecom, and Ufone Telecom. Among these stalls, Cultural stall, fast food stall, traditional famous food stall, business stall, traditional folk music and song, book stall, game show, area 51, stall of Garments and cosmetics, stall of dry fruits, stall of Bar-B-Q and technology stall were the center of the visitors.

2nd Annual Hour of Code

Just as last year, this year University of Turbat held the “Hour of Code” in its city campus.

Hour of Code is an annual initiative by Code.org and many other tech giants for making kids and non-programmers to be familiar with coding. This event is held every December in the Computer Science Education Week (CSEdWeek) in recognition of the birthday of computing pioneer Admiral Grace Murray Hopper (December 9, 1906). This program is sponsored by Microsoft, Google, Facebook, and many more technological and other organizations.

This year, University of Turbat held it for two days, 3rd December and 4th December, 2015 for girls and boys respectively. The participants of the events were students of Schools and Colleges, namely Kech Grammar School, OPF Public School, Govt. Girls Model High School, Govt. Girls Degree College and Atta Shad Degree College.

Welcome to Kechiens for Year 2015

“The history speaks of it that a University does not only affect a positive impact on few peoples, but results a great impact on the whole nation.” The Vice Chancellor of University of Turbat spoke these words while welcoming the new Kechiens on their first year at University of Turbat. The Welcome program was arranged by existing Kechiens to the new ones.

The Worthy Vice Chancellor advised the new Kechiens about following the regulations of UoT, and to form a cheating free education. With the help and his personal effort, the Chief Minister of Balochistan, Dr.

Abdul Malik Baloch is fighting for a no cheating zone in the education of Balochistan, and UoT is clean from the day of its inaugural, and it is its pride.

Pro Vice Chancellor, Dr. Abdul Saboor welcomed the new Kechiens with the wishes for them on their path to success. He also congratulated on the organizers, existing Kechiens, on organizing the event, where they not only the learned through speeches, but some plays were played with educational morals, such as the education of Girls, and Women.

First convocation of Turbat University will be held next year where degrees and gold medals will be awarded to pass out and position holder's students respectively. This was expressed by Vice Chancellor University of Turbat Prof. Dr. Abdul Razzaq Sabir while addressing on an occasion of farewell ceremony, held in City Campus by junior students in the honor of senior students of UoT, as first batch of senior students of Master's program going to depart UoT after completion of two years of studies in the University.

Expressing his best wishes for departing and undergraduate students he has said that the Universities have always been engaged to promote advanced inventions in the world and fostered creative and critical thinking among students. The university not only changes the destiny of individuals but also changes the fate of nations. The time is not too far when University of Turbat brings about revolutionary changes in the life of the people of Makran region.

Students presented speeches, poetry, humorous performance, drama, and other infotainment programs in farewell ceremony.

UoT Farewells its First Masters Batch

Director General Lok Virsa Visits UoT

The Vice Chancellor Prof. Dr. Abdul Razzaq Sabir and Pro Vice Chancellor Prof. Dr. Abdul Saboor Baloch warmly welcomed and paid tribute to Dr. Fouzia Saeed on paying a visit to University of Turbat and city of Punnu.

Vice Chancellor said that this region is renowned as the custodian of Traditions, Culture and Civilization. Traditions and Culture have never been an obstacle in the way of progress, innovations and socio-economic development of society.

Dr. Fouzia Saeed said that Lok Virsa Islamabad is making efforts to promote Balochi Lok Virsa and their rich culture across the world by using modern technology and to provide the opportunity to students and research scholars of University of Turbat to serve at Lok Virsa Islamabad to transfer Balochi Traditional Heritage and folk music to next generations.

“Traditional Heritage, music and culture of Balochistan and Gilgit Baltitan are not given the recognition they deserve, hence we took initiatives for the revival of Suroz and other folk musical instruments with the purpose of reviving of our pluralistic society” said Lok Virsa Director Dr. Fouzia Saeed.

The students of the University of Turbat namely Pir Muhammad from M.Com 4th Semester, Department of Commerce, Mehran Mubarakhi from BBA 8th Semester, Department of Management Science, and Zulfiqar from M.Sc. Economics 4th Semester, Department of Economics attended 6 weeks long Summer Internship program held from 10th August to 21st September 2015 at State Bank of Pakistan in Banking Services Cooperation Training and Development Department. They successfully completed assignment on Currency Management Unit (CMU) and presented report on CMU. During Summer Internship Program they visited and experienced different units like (Cash Department, Currency Management Unit, Prize Bond Unit, Staff and Matter Unit, Banking division, Audit Unit and Development Finance Unit). The UoT students actively participated in different activities and impressed the organizers and Resource Person by their talent.

Alumni Stories

It gives me immense pleasure to talk about the institution, which born on the same day as I started my higher education. It was January 1st 2010, when University of Balochistan Sub-Campus Turbat commenced its first batch classes first time in Turbat with three departments (BS programs): Management sciences, Commerce and Computer Science with almost 50 students and 10 faculty members. I was one of the students who started my higher academic career.

Since the inception, this institution gained fame in entire province by providing quality and cheating free education. This was upshot of tireless efforts of the vigorous faculty members and talented students.

On December 31, 2013 after getting BBA Hons degree, I started practical life career by joining community based Organization RCDC Gwader, after one year I got an opportunity and appeared in the test of lectureship for this institution, by the grace of Almighty Allah I qualified and appointed as a lecturer. Hence, this institution created his first own produced human resource.

Fida Ahmed
(Lecturer, UoT)

Alumni Stories

Being among the first ones in an organisation is becoming a founder member of that institute but a founder member has a lot to tackle.

I was fortunate to be in this university in its second year, then a sub campus of University of Balochistan. The good thing for us was most of the basic hurdles and problems had been cleared up. Among which the availability of computer machines, by our time of admission had been upgraded.

During my Bachelors studies in Computer Science, I was offered a student job to develop and design a website for University of Turbat, by then sub campus was transformed into a full-fledged university.

From the time the website was aired, it became my duty to keep it updated, that entitled me the web developer of UoT. Hence becoming an employee of the organisation that had made me a product.

Ghulam Mustafa
(Web Developer, UoT)
